

### **Paper Leprechaun Hat**

*Supplies:*

*pdf pattern download*

*your choice of green papers – 1 shade*

*craft knife*

*ruler*

*paper scoring tool*

*3" punch*

*glue gun*

*plain black plastic headband*

*embellishments for the hat – ribbon, buttons, etc.*

**Directions:**

Print out the pdf pages, and use the pattern to cut the hat pieces out of your green paper. After cutting out the rectangular hat sides, score the "teeth" and fold them to the inside. Next, cut out the oval hat brim and roll up the long sides using a pencil. Fold the hat brim "teeth" up, and dry fit the hat sides before adding glue to secure. Use a 3" punch to cut out the circle top of the hat and affix with glue. Add a wide black ribbon hat band, a square of gold paper "buckle", and any other decorative touches. Adhere the paper hat to the black headband with hot glue.
